**One of the following essay questions:**

1. In the period 600 C.E.-1450 C.E., the world saw an increased volume of trade and expanded geographical range of existing and newly active trade networks.

Develop an argument that evaluates the extent to which political and economic factors led to trade growth during the period.

2. In the period 600 C.E.-1450 C.E., following the collapses of empires, imperial states were reconstituted in some regions, combining traditional sources of power and legitimacy with innovations better suited to their specific local context.

Develop an argument that evaluates the extent to which Chinese governments changed politically and/or economically during the period from 600 C.E.-1450 C.E.
